## Shiv Jayanti Celebration 2021-2022

Date: 21/02/2022

Great Maratha ruler King Chhatrapati Shivaji Maharaj Birth Anniversary Shivjayanti is celebrated every year on 19th February. Shivaji Maharaj was born on 19 February 1630 in Shivneri fort near Pune. Shivjayanti was celebrated in our college of Education (B.Ed college). Principal Dr. Sunita Bhore, Prof. Dipak Khakal and student teachers explained the greatness of Chhatrapati Shivaji Maharaj through their speeches.

This program was planned and organised by Prof. Dipak Khakal group students. All staff members were present on this occasion.

### History – Beginning of Chhatrapati Shivaji Maharaj Jayanti

Chhatrapati Shivaji Maharaj Jayanti is celebrated to honour the brave and inspiring deeds of Shivaji Maharaj. Shivaji's mother, Jijabai, and mentor, Dadaji Kondadeva, played crucial roles in shaping his character. They taught him values like bravery and fairness from a young age.

As Shivaji grew up, he showed great military skills and clever strategies. He fought against the Mughal and Adil Shahi rulers who oppressed his people. His courage and leadership made him a hero among the people. The idea of celebrating his birth anniversary came about to honour his memory and recognise his impact on history. Over time, it became a national celebration, reminding everyone of the importance of bravery and resilience.

The commemoration of the birth anniversary of Shivaji Maharaj was initiated by the Mahatma Phule in 1870. The first Chhatrapati Shivaji Maharaj Jayanti was celebrated in Pune, marking the beginning of this tradition. Subsequently, Bal Gangadhar Tilak played a pivotal role in advancing this observance. Tilak, by emphasising Shivaji Maharaj's contributions and virtues, significantly influenced public perception and elevated his image in the eyes of the people.

Today, Chhatrapati Shivaji Maharaj Jayanti is a day of celebration, where people come together to honour Shivaji's memory and find inspiration in his life. It's not just about remembering a historical figure but also about celebrating the values he stood for – bravery, honesty, and fighting for what's right.

## Science Day 2021-2022

Date: 28/02/2022

We are celebrating National Science Day. National Science Day is celebrated every year on 28 February to mark the discovery of the 'Raman Effect ' by Indian Physicist Sir C.V. Raman on 28 February 1928. For this discovery, Sir C.V. Raman awarded the ' Nobel prize in Physics ' in 1930.

This day is celebrated every year to spread a message about the importance of Science in the daily life of people. The National Science Day also acknowledges the efforts of the scientific community who work in exploring more and more ways by which science can be implemented to make our lives simpler and easier.

The impact of Indian scientific breakthroughs is significantly enhancing the 'Ease of Living' for the common man, which has been proved by developing indigenous COVID-19 vaccines during the pandemic.

National Science Day is celebrated in our college of Education (B.Ed. college) by visiting 'Science park ' in Pimpri Chinchwad, Pune. Student teachers of B.Ed participated in this visit enthusiastically and observed all the science and technology instruments kept in Science park. In The science park on that day we all saw many live experiments over there.

This visit was planned and organised by Science Professor Dr. Leena Patil. Staff members were also present.
