Teaching is a noble and sacred profession where teachers teach and treat all children equally keeping in mind that no two children are same. There are children of various types, some are extraordinary, brilliant, average, below average and some are physically or mentally challenged. But teachers always try their best to teach and guide them to make their life better. As a part of B.Ed. first year social service activity, our college of Education visited Balkalyan sanstha in Aundh, Pune to gain knowledge of physically and mentally challenged children and teaching methods used to teach them. Coordinators and teachers of Balkalyan sanstha explained the activities conducted by them for these children. Our students got very important information which will be useful to them in future. Principal Dr.Bhore madam and all staff members were present. We are very thankful to Balkalyan sanstha for their cooperation.
